

ALUPROFF 1905 PIET HEIN

Piet Hein
SUPERELLIPSE® CURTAIN TRACK

1905 PIET HEIN SUPERELLIPSE

AP 1905 is the world's first Super-ellipse shaped curtain track and the first to come with a groove specifically designed for LED. Created by Aluproff in collaboration with heritage brand Piet Hein, it continues the legacy of the famous Danish designer, architect, mathematician and poet Piet Hein. With perfect functionality and a plethora of specially designed accessories, like aluminum endcaps and unique roller gliders. Available in 5 colours.

ALUPROFF LED LIGHTING

Aluproff's innovative LED light for curtain rails creates ambience and highlights the curtain fabric. Our system allows you to control the light with your smartphone and thus use the lighting for both ambience and as an anti-theft device or energy-efficient night light.

LED light is currently offered for our AP 1100 curtain rail or our Piet Hein Superellipse curtain track, which is the first in the world to have been created with a separate LED groove.

AVAILABLE FOR AP 1100 & 1905 PIET HEIN

SPECIFICATIONS

- COB LED strips, warm white, 3000K, 10 Watt /m.
- FCR I9 0, 378 LED, 24 V DC, 8 mm IP20.
- Brightness: 970 lumen
- Colourrendering: 96.
- Dimmable: Yes.
- Expected service life: 44.000 hours (5 years).
