CURTAIN TRACK "2001"

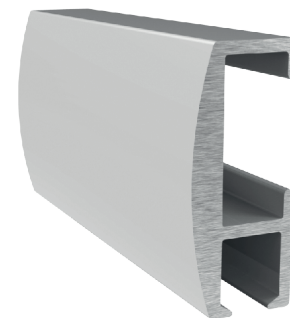

The AP 2001 track is discrete and stylish, designed for light weight curtains. The first AP 2001 edition was extruded back in 1983 and it has ever since been our most popular track for lighter curtains and sheers. Sheer curtains let in lots of light while still offering some privacy. Standard colours are: White, Silver, Black, Bronze and Gold, and all other RAL colors on demand. Works perfectly with our wave gliders.

CURTAIN TRACK "2005"

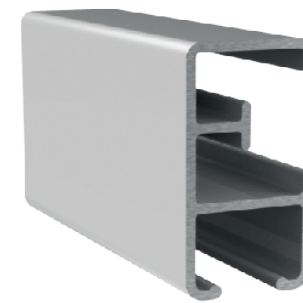

The AP 2005 design curtain track has an elegant, minimalistic appearance, while being exceptionally strong and able to hold heavy curtains. It is well suited for the trendy velvet curtains as well as for shower curtains and can even work as a picture rail. The 2005 Track system is a market leader in manually operated tracks. Available in 10 different colour options with colour coordinated nylon fittings and bracket covers.

CURTAIN TRACK "2500"

The AP 2500 curtain track is both strong and stylish, and designed for medium heavy curtains. The very first AP edition was extruded back in 1983 and have ever since been the preferred solution for medium heavy, hand drawn curtains. Combine it with our new easy gliders 5721 and 5722 with built-in silicone for the lowest possible friction, when drawing the curtains, ensuring a smooth, silent glide. Comes in White, Silver and Black.

CURTAIN TRACK "589"

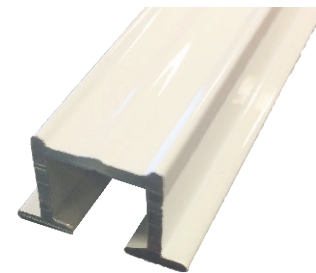

The AP 589 curtain track is curved and slim and seems almost invisible on a white ceiling. For light and medium weight curtains, it adds a clean, discrete look to your home decor. The AP 589 can be bent and is perfect in use with wave glider 14058., creating beautiful ripple folds in your curtain. It comes in the colours Silver and White as standard, and all other RAL colours on demand.
